Third Party Audit Report of
Central Institute of Coastal Engineering for Fishery (CICEF)
Address: Opp. ISRO Quarters, Jalahalli, Bangalore - 560 013.
Karnataka
Year: 2024-25

Audit Summary

To minimize the necessity for citizens to file formal RTI applications, **Section 4(2) of the Right to Information Act, 2005** mandates that every **Public Authority (PA)** proactively disseminate comprehensive information to the public at regular intervals. This dissemination should leverage diverse communication platforms, with a particular emphasis on accessibility through the **internet**.

In alignment with the **Department of Personnel and Training (DoPT)** guidelines, as referenced in **OM No. 1/6/2011-IR dated 07/11/2019**, all Public Authorities are required to undergo an **annual Third-Party Audit** of their proactive disclosure practices under **Section 4 of the RTI Act**. This mechanism serves to enhance institutional **accountability, openness, and citizen empowerment** by fostering greater transparency in governance.

The following thematic areas are expected to be addressed comprehensively in the proactive disclosure content available on the Public Authority's official website:

- 1. Details of Organizational Structure and Functional Mandate**
– Information about the institution's vision, mission, duties, and organizational hierarchy.
- 2. Financial Information and Programme Implementation**
– Budget allocations, financial statements, and status of schemes and projects.
- 3. Public-Oriented Information Dissemination**
– Communication in formats and languages that are easily understandable and widely accessible to all citizens.
- 4. E-Governance and Digital Initiatives**
– Details of online services, ICT applications, and digitization efforts undertaken by the authority.
- 5. Statutory Disclosures Prescribed by the Authority**
– Any additional disclosures mandated under internal policies or governing regulations.
- 6. Voluntary Disclosure of Information**
– Proactive publication of information without waiting for formal requests, reflecting a culture of openness.

Audit Objectives:

The principal objectives of conducting this Third-Party RTI Transparency Audit are as follows:

- ❖ To review and assess the nature, scope, and accuracy of information proactively disclosed by the Public Authority in accordance with the provisions of the Right to Information Act, 2005.
- ❖ To evaluate the adequacy, clarity, and accessibility of the disclosed information vis-à-vis the statutory requirements laid down under Section 4 of the RTI Act.
- ❖ To identify existing gaps, deficiencies, or inconsistencies in the current proactive disclosure practices that may hinder transparency or public access to information.
- ❖ To provide actionable recommendations and strategic guidance aimed at strengthening compliance with Section 4 obligations, thereby enhancing institutional transparency and accountability.

Audit Methodology:

The audit process was conducted based on a thorough review of the **Self-Appraisal Report (SAR)** submitted by **Central Institute of Coastal Engineering for Fishery (CICEF)**, along with a comprehensive evaluation of the content available on its official public portal. The assessment was carried out in accordance with the **guidelines prescribed by the Central Information Commission (CIC), New Delhi**, specifically focusing on compliance with the proactive disclosure requirements outlined under **Sections 4(1), 4(2), 4(3), and 4(4) of the RTI Act, 2005**.

Each relevant component of the **Central Institute of Coastal Engineering for Fishery (CICEF)**'s website was critically examined during the **online transparency audit**, and structured feedback was provided on the presentation, completeness, and accessibility of the disclosed information. The audit further entailed a gap analysis to pinpoint areas requiring enhancement.

The findings from this evaluation have been synthesized to develop a set of **conclusions and actionable recommendations**, aimed at improving the **Central Institute of Coastal Engineering for Fishery (CICEF)**'s adherence to the statutory transparency norms.

Observations and Recommendations:

The audit reveals that **Central Institute of Coastal Engineering for Fishery (CICEF)** has made commendable efforts in aligning its website content with the **Central Information Commission (CIC) Guidelines** pertaining to proactive disclosure under the RTI Act. A substantial amount of relevant information is accessible through **Central Institute of Coastal Engineering for Fishery (CICEF)**'s public portal. However, there remains **scope for enhancement** to ensure more comprehensive transparency and ease of information access. The following observations and recommendations are submitted for consideration:

- **Uniform Link Disclosure in SAR:**

It has been observed that the **Self-Appraisal Report (SAR)** submitted by the **Central Institute of Coastal Engineering for Fishery (CICEF)** provides a **common hyperlink for multiple disclosure parameters**. To enhance clarity and traceability, it is recommended that **distinct and directly relevant hyperlinks** be provided **against each parameter**, as per the RTI audit framework.

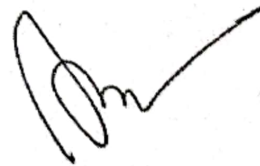

- **Improved Norms and Standards Disclosure:**

To strengthen internal transparency and public accountability, **Central Institute of Coastal Engineering for Fishery (CICEF)** is advised to **publish detailed information regarding operational norms, procedures, and standards** followed in service delivery. Additionally, **priority should be given to providing content in the local/vernacular language** to promote inclusivity and accessibility for diverse user groups.

- **Addressing Grading Deficiencies:**

Central Institute of Coastal Engineering for Fishery (CICEF) is encouraged to thoroughly review the **section-wise audit gradings** marked as **"Partially Met"** or **"Not Met"** and take **targeted corrective actions** to bring each parameter to a **"Fully Met"** status. This will significantly improve the overall transparency rating.

Date: 25.06.2025
